

Adrien Schneider

PhD student – Speech Processing & AI

Université Grenoble Alpes · Laboratoire d'Informatique de Grenoble (LIG) · Grenoble, France

EXPERIENCE

PhD researcher

Sept. 2026 – Present

Univ. Grenoble Alpes – M-PSI team, LIG

Grenoble, FR

- Under the supervision of Professor Dominique Vaufreydaz and Associate Professor Frédérique Letué, I am working on AI-based voice anonymization techniques.

Graduate Research Engineer

Nov. 2025 – August 2026

Univ. Grenoble Alpes – M-PSI team, LIG

Grenoble, FR

- Develop automated data acquisition pipelines for smart classrooms.
- Train and evaluate AI-based speech processing models.
- Participated in the Voice Privacy Challenge 2026 (accepted publication at the 6th SPSC Symposium).

Machine Learning R&D Internship

April 2024 – Oct. 2024

Orange SA

Lannion, FR

- Unsupervised learning methods for real-time anomaly detection in time series.

Research internship

April 2023 – July 2023

Univ. Grenoble Alpes – M-PSI team, LIG

Grenoble, FR

- Design of experiments to explore deep learning hyperparameters.

EDUCATION

PhD in Computer Science

2026 – Present

Université Grenoble Alpes

Grenoble, FR

Engineering Degree (MSc equivalent)

2022 – 2024

IMT Atlantique

Brest, FR

Master's in Management ("Programme Grande École")

2019 – 2023

Grenoble École de Management

Grenoble, FR

Classes Préparatoires aux Grandes Écoles – Mathematics and Economics

2016 – 2019

Lycée Champollion

Grenoble, FR

PUBLICATIONS & RESEARCH ACTIVITIES

Listen to the Features: Voice Anonymization Driven by Content Embedding Matching over Signal Reconstruction

Adrien Schneider, Kacper Zabkowski, Anderson Augustus, Frédérique Letué, Maria Camila Pinzon, Dominique Vaufreydaz

6th Symposium on Security and Privacy in Speech Communication – Sydney, Australia, Sept. 2026.

TECHNICAL SKILLS

Programming : Python, Matlab, C, Rust

ML & Speech : PyTorch, Deep Learning, Speech Processing, Voice Anonymization

Tools : Git, LaTeX, Arduino

LANGUAGES

French (native) · English (C1) · German (C1)
